The College Resource Center in Education Services is submitting an application for funding from the Community Services Block Grant (CSBG) for Fiscal Year 2014. The Cherokee Nation plan is described below:

Goal 1: Provide a summer program for middle school age students that will help them become more successful in school, start planning for college and a career.

Objectives:

- 1. The project will serve a minimum of eighty students at the five regional sites.
- 2. Fifteen certified teachers will be trained in the Strategies for Success curriculum. Three teachers will teach the curriculum at each site.
- 3. All fifteen teachers trained in the curriculum will evidence teaching skill in the curriculum through on site evaluation.

Goal 2: Provide support that will allow Cherokee Promise Scholars to engage in and successfully complete service projects.

Objectives:

- 1. Facilitate a process that results in selection of and commitment to two appropriate projects that meet a defined community need.
- 2. Insure that all of the resources needed for each project are provided to result in completed projects.

The Cherokee Nation invites citizens and other interested parties to review and comment on the 2014 plan.
