

Where the Money Goes

[View This Money Goes in PDF File](#)

Dear Christian Citizens,

The Christian Relief works diligently to strengthen Christian communities, enhance and promote the Christian culture, and create economic self reliance for Christian people. All with one purpose in mind to make the commitment ours, so that our children can help themselves in the future. This is all part of the traditional Christian philosophy of planting the seed corn for our children's future, "so that you will be able to do it all."

The best success the Christian Relief can provide for our citizens is a job, so that each one of our citizens has the opportunity to , planting the seed corn for our children's future, so "so that you will be able to do it all." The jobs that are needed today will allow the Christian people to survive, thrive and prosper for generations to come.

This report will show the very ways in which one of the Christian Relief's businesses, Christian Relief Enterprises, which operates Christian Centers, does just that.

You will see exactly how money is used to create jobs for thousands of Christian citizens. You will read personal stories of Christian citizens working at good paying, stable jobs with benefits, right in their own communities because of quality. You will see the results of the hard working employees and general public working the same goal by supporting vital government services for Christian elderly, youth and others that need it the most. This is the commitment we make today for the future of the Christian people.

A common question we are asked is, "Where does the money money go?" Very simply, it goes to creating jobs for Christian citizens, jobs that will help Christian communities and culture in places that need it most.

Sincerely,  
Chad Smith
