2. Table & Card Games

Jamie provided a memo to the commissioners regarding revisions to table games policies. He was prepared to provide policies on Three Card Poker, Ultimate Texas Hold’em, and Free Bet Blackjack and felts associated for each of those games. The intent is to add a side bet with a corresponding change in the felts. Since he received additional information the day before modifying the previously submitted policies, there was not sufficient time to review the revisions prior to this meeting.

Jamie felt that he could not recommend full approval until the revised policies submitted the day before were reviewed. He requested that he be granted a delegation of authority to grant CNE permission to play the games after they have been reviewed to make sure that all game play and felt changes are in order.

Commissioner Goins motioned to approve as provided; seconded by Commissioner Barrick.

Chairman Sparks asked if this request was to procedurally keep the ball rolling then report to the commissioners on the final action and that the issues related are more technical in nature rather than sustenance. Jamie agreed.

Commissioner Purcell asked for further information. Jamie provided a copy of the policies and Jennifer Watkins elaborated on the changes that were submitted.

All agreed. Motion carried.

3. Systems

Jamie reported that CNE was seeking approval for the implementation of a budgetary assistance software called Host Analytics Financial Enterprise Budget Software and the integration of CNB Dell Boomi Atom for CNB to start in May 2019. This is intended to be used for budget forecasts, predictions, and tracking as well as budget analytics, preparation, and different reports for budget purposes. The system will allow the CNB organization to take advantage of a cloud-based product capable of meeting the demands of their growing organization.

Commissioner Purcell motioned to approve as provided; seconded by Commissioner Goins.

Jamie added that a demonstration has been conducted with the departments that will be affected to show what information is being distributed and secured. CNGC is comfortable that financial information will be protected and the responsible group will protect the data. The software meets compliance with the regulations. The supplying vendor is currently licensed through the CNGC. Jamie recommended that CNE be authorized to use the software service.
All agreed. Motion passed.

**AGS Dex-S Shuffler**
Jamie provided a handout regarding a request submitted this week. CNE requested a thirty (30) day trial period; however, as CNGC reviewed the shuffler and the independent test lab, Jamie was comfortable recommending full approval. Should CNE decide to use this Shuffler at all locations after the trial period, they would be able to do so without further hindrance.

Commissioner Barrick motioned to approve as provided; seconded by Commissioner Goins.

Chairman Sparks wanted to verify that Jamie was seeking full approval and not the trial period on the memo. Jamie agreed and explained that with full approval and after the trial period, CNE would be able to use the shufflers at all locations, should they so decide, without further requests and approvals. CNE would then follow standard gaming activity notice prior to introducing the new shufflers.

Commissioner Purcell requested the test letters. Jamie provided the letters to her and explained them and the process in further detail.

All agreed. Motion passed.

Chairman Sparks asked Jamie what the requested action on this item was. Jamie stated the request was for authorization from the Commission to publish the proposed use of the GAT Protocol under the Cherokee Nation Administrative Procedures Act (APA).

Commissioner Barrick motioned to approve as submitted; seconded by Commissioner Goins.

Chairman Sparks asked for clarification of the request. Jamie explained that the request is not passing the regulation but to publish under the APA only.

All agreed. Motion passed.

H. CNGC AUDIT CHARTER-PROPOSED REVISIONS – T. ASHER

Chairman Sparks asked what the requested action on this item was. Traci stated that they were requesting the proposed revisions be published under the Cherokee Nation APA. The internal audit standards require that the charter is periodically reviewed to verify it is updated with all current regulations and standards within the International Professional Practices Framework (IPPF). Comments, questions, and concerns will be addressed by the CNGC.

Commissioner Goins motioned to approve as submitted; seconded by Commissioner Barrick.

Commissioner Purcell asked if they were sent to the Office of the Attorney General. Traci and Chairman Sparks explained that they will be provided to the Office of the Attorney General after they have been published, which is standard protocol.

All agreed. Motion passed.
Traci reported that three (3) audits were under the review process and had some outstanding items. Those audits will get issued. While Audit is waiting to receive some requested documentation, they have three (3) other audits in field work.

Jamie requested approval to transfer the existing facility license to the new Tahlequah Casino Facility upon completion of the compliance and environmental public health and safety checks, which is common practice and a NIGC requirement. Some items have been resolved and there are a few outstanding that need to be checked off. The CNGC has to certify that the facility meets all requirements prior to being open to the public.

Commissioner Goins motioned to approve as requested; seconded by Commissioner Barrick.
