CHILD SUPPORT AWARENESS

August is National Child Support Awareness Month! It is a national initiative to help inform families about child support and the services that are available to assist them as they support their children. Studies have repeatedly shown that when both parents are actively involved in raising kids, the kids are much better off in various areas of their lives. Cherokee Nation Child Support Services is committed to assisting families with establishing paternity, assisting child support orders, providing referral info, and ensuring child support payments are regularly maintained.

Complete a simple question, then submit entry form for a chance to be entered into a drawing for one of the gift baskets! (2 winners for adults participants; 2 winners for children participants)
